

**Run 40Km in October**

# Can you help me find the hidden treasure?

I am taking part in Run for Autism by running 40Km in October.  
Can you help me find the hidden treasure by buying a square?

## How to play

1. Choose a square
2. Write your name in the box
3. When all the squares are full the dice will be rolled to find the treasure.

**Price per Square**

**Prize Fund**

**RFA Donation**

**Buy more squares to increase your chances!**

**Pass this Treasure Map fundraiser around your friends, family and work colleagues. Once they have all bought a square and your treasure map is full, roll the dice to see who your winner is.**

**Finding treasure** - Roll the dice and count the number along on the top of the grid. Roll the dice again and count the number down the side of the grid. The winning square is where these 2 points meet. Divide the money raised between the winner and your Run for Autism fundraising page.
